<i>Commit to giving monthly. Give as the Spirit leads. Pray and rejoice with us.</i>	

The first six months of 2013 has been full of activities for both of us. Daniel has been busy wrapping up his last few months as the national president of the Apostolic Mission Church. I (Anne) have travelled twice to Nigeria to work with translators there, taught Biblical Geography at the Apostolic Mission Bible School, and well as continue to develop my resources for Bible translators. In February, I launched the English version of my series of powerpoint presentations on the Grapevine and its products in the Bible, and was very pleased with the response.

During these past six months, we have received about ¼ of our goal for the year. Ministry gifts and expenses during this period have been to pay translators for the conversion of a number of my documents from French into English, as well as sponsor two Bible school students - providing for their school fees and some medical expenses for one of the students.

Both U.S. and Canadian gifts are now tax deductible. Work expenses and expenditure of gifts for special projects will be appropriately accounted for and reported to the CTEN accountant. You can learn of the progress and impact of the work through our ministry updates either on-line at www.aegk.finespun.net, or through Email updates. Financial and other details are available upon request. Feel free to write us with your questions, encouragement, and suggestions! If you would like to receive more regular prayer updates via Email and/or Facebook, do drop us a line at agkompaore@gmail.com.

Support for us includes the following:

- **Salary for Anne working full-time in the Bible translation and teaching ministry** (covering costs for household needs, full-time house help, medical coverage, retirement savings, income taxes, hospitality, vacation, discretionary giving, etc).
- **10% of donations for CTEN administrative costs**
- **Regular ministry expenses** (travel*, internet fees, supplies, work equipment, software, books, supplies, payment for translation services, etc.)
- **Special projects** (as opportunities and our financial resources permit): Church building projects, literacy projects, educational support for elementary, high school students, and Bible school students.

*NOTE: Those soliciting my services are encouraged to minimally cover travel and lodging costs as they are able.

THANK-YOU!

Pastor Daniel and Dr. Anne Kompaoré,
